CITY COUNCIL AGENDA ITEM

Date: March 2, 2017

To: Brian Kischnick, City Manager

From: MaryBeth Murz, Purchasing Manager
Kurt Bovensiep, Public Works Director

Subject: Award Standard Purchasing Resolution 2 - Mowing Landscape Services

History

- The City of Troy maintains 583.71 acres of turf that requires a regular mowing schedule. These locations include Parks, Cemeteries, Detention/Retention Ponds, Fire Stations, City owned vacant property, and other Municipal Facilities.
- The locations are divided into different proposals based on mowing frequency.
- The scope of work includes all labor, tools, equipment, chemicals, transportation, and landscape maintenance services including mowing for municipal grounds.
- For the first time, the City of Troy listed the possibility of preference for bidding companies that offered alternative energy mowers.
- Note that this mowing contract *excludes* the DDA and the Civic Center Campus, which is held by a separate contractor.
- The current contract expired December 31, 2016.

Purchasing

On February 23, 2017, a bid opening was conducted as required by City Charter and Code for Upgrade Landscape Maintenance. The bid was posted on the Michigan Inter-governmental Trade Network (MITN) website; www.mitn.info and was sent to the Troy Chamber of Commerce. Six (6) bid proposals were received. Below is a detailed summary of potential vendors for both bid opportunities:

Companies notified via MITN	523
Troy Companies notified via MITN	12
Troy Companies - Active email Notification	11
Troy Companies - Active Free	1
Companies that viewed the bid	68
Troy Companies that viewed the bid	5

MITN provides a resourceful online platform to streamline the procurement process, reduce costs, and make it easier and more transparent for vendors to do business with the City of Troy.

Active MITN members with a current membership and paying annual dues receive automatic electronic notification which allows instant access to Bids, RFPS and Quote opportunities with the City.

Active MITN non-paying members are responsible to monitor and check the MITN website for opportunities to do business with the City.

Inactive MITN member status can occur when a company does not renew their account upon expiration. Inactive members cannot be notified of solicitations or access any bid information.

After reviewing the bid proposals, Brantley Development LLC of Inkster MI, is the low bidder on Proposals B- Various Locations of Municipal Property, C- I-75 Overpasses, and D- Detention/Retention Pond meeting all specifications and is being recommended to provide all labor, tools, equipment, chemicals, transportation and landscape maintenance services including mowing for three (3) years with the option to renew for two (2) additional years at unit pricing as detailed in the attached bid tabulation. Although

CITY COUNCIL AGENDA ITEM

not a requirement or a criteria for preference, it is worth noting that Brantley Development LLC is a minority owned company as noted in its bid proposal.

In addition to the mentioned proposals, City Staff is recommending EQ Grounds LLC of Waterford MI for Proposals A- Parks, Medians, and Municipal Property and Proposal E- Irrigated Athletic Fields. EQ Grounds LLC offers environmentally friendly mowing by using alternative fuels such as propane and commercial grade electric equipment. Implementing a Green Initiative Strategy through the city's mowing operations has an increased cost of 11%-14%. This would save an estimated 10,000 gallons of non-sustainable gas, and would eliminate the equivalent of 846 cars worth of emissions annually. The value added proposal in the bid is being recommended, which is to provide all labor, tools, equipment, chemicals, transportation and landscape maintenance services including mowing for five years at unit pricing as detailed in the attached bid tabulation.

Financial

Funds are available through the Public Works, Streets and Drains and Grounds operating budgets.

Firm Introduction & History

Brantley Development LLC is a minority owned and operated company serving the Detroit region since 1995. We are a licensed and insured contractor, providing Michigan businesses and individuals with superior home improvement and landscape services.

Brantley Development LLC was founded in Flint, Michigan in 1995 by Stanley Brantley. After graduating from college with a degree in Community and Regional Planning and working as a landscape supervisor with Genesee County Parks and Recreation For-mar Arboretum and various other landscape companies, Mr. Brantley started providing handyman and landscape service independently.

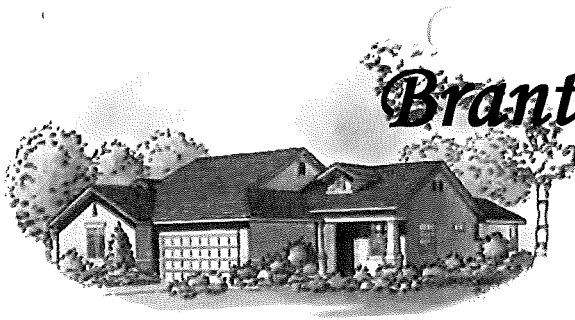

As his reputation grew, the Flint Journal newspaper printed an article on him and the work he was doing in the community. Since then the company has continued to grow and in 2005, Brantley Development LLC expanded to include the Detroit Region. Today, Brantley Development LLC provides residential home improvements and property management services to residents, non – profit and government agencies.

Maintenance Plan

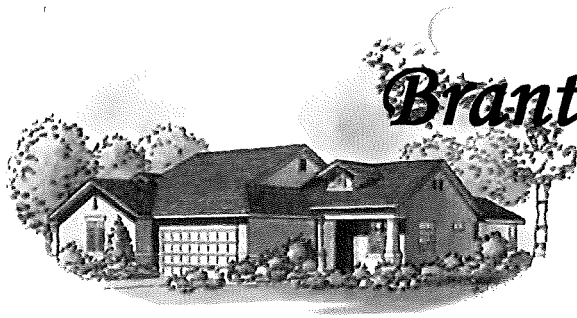

Our staff will coordinate with the City of Troy staff to develop a transition plan with dates to ensure none of the maintenance activities are neglected. We will review property maps to ensure all areas of the property are address and discuss any potential past mowing practices.

We will review the list of locations provided by the city and develop a GPS map (See Example Map #1), create a route and a weekly schedules. We will map all locations in Basecamp, a Garmin Software program, which gives us the capability of creating waypoints by address, intersection and manual input. For properties that do not have an address, we will use the closest improved property address as a waypoint. After all locations are inputted into the program as waypoints, then a number of routes can be created based on a predicted number of properties that can be serviced in one day by a two man or more mowing crew. If needed, we have the staff level to dispatch more than one mowing crew to the city.

The screenshot shows a software window titled "October 17 - MapSource" with a menu bar (File, Edit, Find, Transfer, View, Tools, Utilities, Help) and a toolbar. Below the toolbar is a list of waypoints with columns for Name, Symbol, Comment, Position, and Elevation. To the right of the list is a map view showing a street grid with several waypoints marked with red pins. The status bar at the bottom indicates "0 Items Selected" and shows the current coordinates and time.

Once all routes are created, we will upload the routes to a Garmin GPS and assign a list of locations to be serviced to our mowing crews. We will maintain the same routes and approved schedule though out the mowing season. Properties will only be added or deleted on the request from the City of Troy program supervisor.

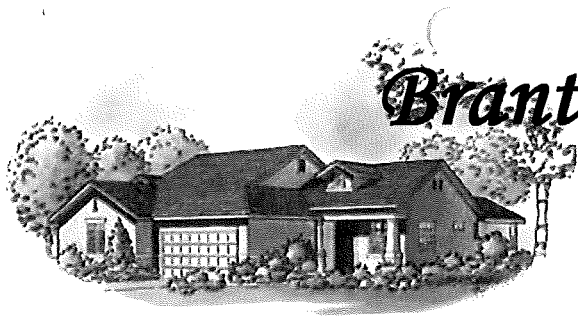

Our approach to managing the approximately one hundred fifty locations is to service approximately 30 properties a day for the weekly schedule. When the weather is hot and as requested the mowing schedule will be pushed to bi-weekly service. We then would schedule into two weeks, therefore allowing us to maintain approximately 75 lots in the first week and the other 75 properties the following week.

Invoicing

Bi weekly invoices shall be formatted in Microsoft Excel and transmitted electronically to the City. Invoices shall be prepared reflecting the total number of vacant lots and price/cost of maintenance per location. Below is an example of the format that will be used to submit Invoices. All mowing invoices will be forwarded every two weeks after the first round of cuts have been completed until the end of the mowing season

**OTHER INSURANCE - PRIMARY AND NON-CONTRIBUTORY
(ADDITIONAL INSURED) ENDORSEMENT**

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

This endorsement modifies insurance provided under the following:

BUSINESSOWNERS COVERAGE FORM

The following is added to SECTION III - COMMON POLICY CONDITIONS:

M. Other Insurance

1. Additional Insureds

If you agree in a written contract, written agreement or permit that the insurance provided to any person or organization included as an Additional Insured under SECTION II - LIABILITY, Part C - Who is An Insured, is primary and non-contributory, the following applies:

If other valid and collectible insurance is available to the Additional Insured for a loss we cover under SECTION II - LIABILITY, Part A. Coverages, Paragraph 1., Business Liability our obligations are limited as follows:

a. Primary Insurance

This insurance is primary to other insurance that is available to the Additional Insured which covers the Additional Insured as a Named Insured. We will not seek contribution from any other insurance available to the Additional Insured except:

- (1) For the sole negligence of the Additional Insured;
- (2) When the Additional Insured is an Additional Insured under another primary liability policy; or
- (3) When b.(2) below applies.

If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. Then, we will share with all that other insurance by the method described in b.(3) below.

b. Excess Insurance

This insurance is excess over:

- (1) Any of the other insurance, whether primary, excess, contingent or on any other basis:
 - (a) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";

(b) That is Fire insurance for premises rented to the Additional Insured or temporarily occupied by the Additional Insured with permission of the owner;

(c) That is insurance purchased by the Additional Insured to cover the Additional Insured's liability as a tenant for "property damage" to premises rented to the Additional Insured or temporarily occupied by the Additional Insured with permission of the owner; or

(d) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion g. of SECTION II - LIABILITY, Part A. Coverages, 1. Business Liability.

When this insurance is excess, we will have no duty under SECTION II - LIABILITY, Part A. Coverages, 1. Business Liability to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

- (2) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
- (3) The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not

described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.
