Addendum 1
ITB-COT 19-31
Holiday Lights
Page 1 of 3

To All Bidders:

Please be advised that the City of Troy Purchasing Department has authorized the following ANSWERS TO QUESTIONS regarding Bid Proposal **ITB-COT 19-31, Holiday Lights**. The CHANGES will be considered an integral part of the original proposal documents.

Clarifying questions:

QUESTION: Approximately, when is the bid awarded?

ANSWER: A Purchase Order will be issued upon City Council approval. It is the City's intent to take the recommendation to City Council for approval at either the July 22nd or August 8th meeting.

QUESTION: Is the Cashier's Check, bid bond, made out to the City of Troy?

ANSWER: As per the Bid Specifications detailed below Bid bonds are not accepted. Include a cashier's check, certified check or money order payable to the City of Troy.

A cashier's check, certified check, or money order in the **amount of \$2,250.00** must accompany the bid to insure the bid. **BID BONDS ARE NOT ACCEPTABLE.** The bid deposit of the successful bidder will be retained as performance surety until successful completion and acceptance of all contract requirements. The bid surety will be forfeited, if acceptable insurance is not received in accordance with specifications. All other bidders will have their bid deposits returned after the bid has been opened for at least 72 hours.

QUESTION: What sort of permit do we need to work on Sunday? And where do we get it?

ANSWER: It is just a work permit allowing you to work on Sunday. There would be no cost involved as you are performing work for the City of Troy. The City would assist you in getting the permit from the building department.

QUESTION: Project needs to be done by November 15, but when can we start?

ANSWER: Typically the awarded contractor would start about Nov. 1st. Although, note last year the awarded contractor started later. The install takes approximately a week to complete.

QUESTION: There are approximately 4,000+ strands of lights. Are they rolled neatly into approximately 65 18 gallon totes? Do ALL the lights work? If they don't work what is the replacement procedure and what sort of delays could we expect? What is the approximately length of each strand (important)? Are the lights LEDS?

ANSWER: The lights are currently stored on reels. The City of Troy believes that all the lights work. If there is a need for replacement there are replacement strands at the Department of Public Works. The strands are 17' in length and have approximately 50 LED lights per strand.

QUESTION: Safety barrier clarification - the "Island of trees" that we are working at - we have to barricade that off?

ANSWER: The contractor is required to make sure that your staff is protected by following the required rules and regulations. The awarded contractor is required to follow all rules and regulations regarding traffic.

QUESTION: Are all the outlets in good working condition? Does the City of Troy ensure that those are ON during time of install?

ANSWER: All outlets are in working condition and are on all the time. If the contractor comes to a receptacle that is not working they will notify the City and the City will have it repaired.

QUESTION: Any idea how long it has taken contractors to complete the full job in the past?

ANSWER: This year and last year it took approximately 1 weeks' time (weather related).

QUESTION: Did they all use poles, ladders, etc. with no cherry lift?

ANSWER: The contractors have used both poles and ladders. Lifts have been utilized from the turn lanes on occasion.

QUESTION: Can the City provide some further detail on proposal B?

ANSWER: What the cost per tree would be should the City of Troy desire to add additional trees at any location.

QUESTION: Would the awarded Contractor provide all the additional material in that instance?

ANSWER: The City would provide the additional lights if required.

QUESTION: Does the City desire swirled or branch wrapping of the trees?

ANSWER: The City desires Swirling.

QUESTION: What kind of trees are they?

ANSWER: The trees are various evergreen and/or deciduous.

QUESTION: How tall and wide are the trees?

ANSWER: The trees vary in size; short or tall, narrow or wide. It is encouraged to visit the site of the install. Note, that this question is in reference to Proposal B. Proposal B pricing is for the installation and removal of lights if in the event the City would need *additional* trees. This is only in the event that there was a desire to add additional trees for an event such as the City of Troy "Winter Wonderland".

QUESTION: What have people bid in the past?

ANSWER: If requesting previous bids and bid pricing; submit a FOIA request to the City Clerk.

QUESTION: What issues have you had in the past? All lights taped, etc...

ANSWER: GFCI tripping due to connections not being sealed and poorly wrapped trees.

QUESTION: What does a typical install day look like?

ANSWER: It is up to the contractor to orchestrate their work day. We will make the lights available to the contractor as they deem necessary. Often times they will take all the lights at once. The actual process is on the contractor.

QUESTION: Does the Invitation to Bid say anything about payment?

ANSWER: The City of Troy will pay the awarded contractor upon completion of the install and removal of lights and as per the awarded Contractor's stated payment terms which is typically Net30 Days. The Bid Deposit check will also be held for duration of install and removal and will be returned upon successful completion of the contract.

I, the undersigned Bidder, have read this addendum and have integrated the changes into the Bid Proposal documents for ITB-COT 19-31, **Holiday Lights**. All other items in the original proposal document remain the same. This addendum should be attached to the top of the proposal packet at the time of submission on or before Thursday, July 11, 2019 at 10:00 A.M., **EDT** in the Office of the City Clerk.

Subject: Standard Purchasing Resolution 2: Award to Low Bidder meeting Specifications – Holiday Lights

History

- For two years beginning in 2013, the Kiwanis Club organized the holiday lighting of 25-30 Spruce Trees in the median of Big Beaver in the Troy Downtown Development Authority boundary, which included spaced out locations between Coolidge and Rochester Road.
- In 2016, the City of Troy encouraged the holiday tree lighting and promoted the increase of trees to be decorated.
- The City of Troy decided to install lights on additional trees with lights provided by the Kiwanis and purchase lights and install them on additional trees.
- The goal was to light all Spruce Trees between Rochester Rd. and Coolidge Highway in the Big Beaver median.
- The City of Troy staff continues to receive several compliments on the city's efforts to provide a traditional decorated look for the holiday season along the corridor.
- It is anticipated that the lights will remain on beginning November 15th through the last day in February.

Purchasing

- On July 11, 2019 a bid opening was conducted as required by the City Charter/Code for one (1) year requirements for the Installation of Holiday Lights.
