CITY COUNCIL AGENDA ITEM

Date: April 5, 2022

Subject: Standard Purchasing Resolution 2: Low Bidder Meeting Specifications –Sylvan Glen Lake Park Improvements; Standard Purchasing Resolution 5: Approval to Expend Budgeted Funds -Sylvan Glen Lake Park Improvements - Construction Administration and Budget Amendment (Introduced by: Kurt Bovensiep)

History

Sylvan Glen Lake Park is one of the City of Troy's current 10 neighborhood parks. The park is a total of 40 acres, which is the largest of the neighborhood parks. Amenities currently include a 16-acre lake that invites shore fishing and the second phase of the Troy Trail inviting bikers, walkers, and runners an opportunity to escape from suburban Troy and enjoy a wilderness setting. Although the park is currently classified as a neighborhood park it is likely to be reclassified as a community park with the expansion of amenities, which attract patrons from further distances becoming a destination point.

The 2020-2024 Parks and Recreation Master Plan specifically recommends the City of Troy concentrate its park development efforts at Sylvan Glen Lake Park as indicated on page 96 and 97 of the plan and is further substantiated by the Green Space Subcommittee Report by recommending the park be developed into a premier park with various amenities.

When considering the development of Sylvan Glen Lake Park, it was recognized that the first improvements to the park should support future recreational and amenity desires. For this reason, City Staff is recommending the installation of a paved parking lot and restrooms to provide the necessary support of future proposed amenities such as a fishing pier, play structure, and pavilion. Additionally, the proposed improvements would also support the current amenities of the Troy Trail and passive recreational opportunities.

The original thought was to divide these improvements into separate fiscal year expenditures. However, working with the design consultant, OHM, we recognized that both the paved parking lot and restroom facility are closely supportive of each other and considering the infrastructure and utilities for each required a joint installation. Therefore, additional funding is requested to complete these two improvements together.

CITY COUNCIL AGENDA ITEM

History (continued)

Like many of our construction projects funds were estimated and budgeted over a year ago with limited foresight and predication of our current inflationary costs. This project has seen inflationary costs for labor and materials. Additionally, the costs for asphalt for the drive and parking lot improvements has a direct correlation to oil prices as it is a petroleum-based product. Therefore, the cost of this project is more than originally predicted and will require a budget amendment.

OHM Advisors of Livonia, MI, which is one of the City’s professional service engineering firms, continues to be a great partner with the City of Troy and is responsible for the current design of the Sylvan Glen Lake Park improvements. OHM Advisors has included a proposal to manage the construction of this project similar to that of the Niles/Barnard House and Stine Community Park.

Purchasing

The current contract with *OHM Advisors* was adopted by City Council in 2017 for engineering and design services (Resolution #2017-06-105-J-4a). Under the current contract pricing, OHM proposes a Construction Phase Services fee of \$127,000. Services will include the administration, oversight, and any necessary testing of the project.

On March 3, 2022, a bid opening was conducted as required by City Charter and Code for the Sylvan Glen Lake Park Improvement Project. The bid was posted on the Michigan Inter-governmental Trade Network (MITN) website; www.bidnetdirect.com/mitn/city-of-troy-mi. Seven hundred and forty (740) vendors were notified via the MITN website. Seven (7) companies attended the Pre-Bid meeting which was held on February 14, 2022. Four (4) bid responses was received. Below is a detailed summary of potential vendors:

Companies notified via MITN	740
Troy Companies notified via MITN	23
Troy Companies - Active email notification	23
Troy Companies - Active Free	0
Companies that viewed the bid	215
Troy Companies that viewed the bid	4

MITN provides a resourceful online platform to streamline the procurement process, reduce costs, and make it easier and more transparent for vendors to do business with the City of Troy.

Active MITN members with a current membership and paying annual dues receive automatic electronic notification which allows instant access to Bids, RFPS and Quote opportunities with the City.

Active MITN non-paying members are responsible to monitor and check the MITN website for opportunities to do business with the City.

Inactive MITN member status can occur when a company does not renew their account upon expiration. Inactive members cannot be notified of solicitations or access any bid information.

After reviewing the bid responses, *WCI Contractors of Detroit, MI* was low bidder meeting specifications for the base bid amount of \$886,900. WCI Contractors has successfully completed work for the City of Troy and most recently was awarded and currently working on phase 3 of the Troy Trail.

Financial

Partial funds are available in Capital Fund – Park Development– Sylvan Glen Lake Park Improvements with an associated project number of 2022C0063 and a budgeted amount of \$250,000 for the 2022 fiscal year. Additional funding is requested in the amount of \$916,000 and will require a budget amendment. Since this project is schedule to be constructed in two fiscal years, any unused funds in fiscal year 2022 is proposed to roll over to fiscal year 2023.

CITY COUNCIL AGENDA ITEM

Recommendation

City Management recommends awarding a contract to *OHM Advisors of Livonia, MI*, for the Construction Phase Services for a total estimated cost of \$127,000 but not to exceed budgetary limitations. City Management also recommends awarding a contract to low bidder meeting specifications, *WCI Contractors of Detroit, MI* at the unit prices contained in the bid tabulation opened March 3, 2022 for an estimated cost of \$886,900 and a contingency amount of 15% of the total project cost or \$152,000, for a total of \$1,166,000. City Management additionally recommends City Council approve a budget amendment for \$916,000 to the Capital Budget and allow City Administration to roll any unused funds in fiscal year 2022 to 2023.

BUSINESS INCOME FROM DEPENDENT PROPERTIES

A. In the Business Income (and Extra Expense) Coverage form, coverage, with respect to "dependent property" is replaced by the following:

COVERAGE

We will pay for the actual loss of Business Income you sustain due to the necessary "suspension" of your "operations" during the "period of restoration". The "suspension" must be caused by direct physical loss of or damage to "dependent property" caused by or resulting from a Covered Cause of Loss. However, coverage does not apply when the only loss to "dependent property" is loss or damage to electronic data, including destruction or corruption of electronic data. If the "dependent property" sustains loss or damage to electronic data and other property, coverage under this endorsement will not continue once the other property is repaired, rebuilt or replaced. The term electronic data has the meaning set forth in the Business Income (and Extra Expense) Coverage Form.

B. The provisions of the Business Income (and Extra Expense) Coverage Form respecting direct physical loss or damage at the described premises will apply separately to each "dependent property". The limit of Insurance is separate from any Business Income Limit of Insurance in this policy applicable when direct physical loss or damage occurs at your premises.

C. With respect to "dependent property", the following replaces the Resumption Of Operations Provision in the Loss Determination Loss Condition:

RESUMPTION OF OPERATIONS

We will reduce the amount of your:

- a. Business Income loss, other than Extra Expense, to the extent you can resume "operations", in whole or in part, by using any other available:
 - (1) Source of materials; or
 - (2) Outlet for your products.
- b. Extra Expense loss to the extent you can return "operations" to normal and discontinue such Extra Expense.

D. 1. The following is added to the Definitions Section:

"Dependent Property" means property operated by others whom you depend on to:

- a. Deliver materials or services to you, or to others for your account (Contributing Locations). But any property which delivers any of the following services is not a Contributing Location with respect to such services:
 - (1) Water supply services;
 - (2) Power supply services; or
 - (3) Communication supply services, including services relating to internet access or access to any electronic network;
- b. Accept your products or services (Recipient Locations);
- c. Manufacture products for delivery to your customers under contract of sale (Manufacturing Locations); or
- d. Attract customers to your business (Leader Locations).

2. The Period of Restoration Definition, with respect to "dependent property", is replaced by the following:

"Period of Restoration" means the period of time that:

- a. Begins immediately after the time of direct physical loss or damage caused by or resulting from any Covered Cause of Loss at the premises of the "dependent property"; and
- b. Ends on the date when the property at the premises of the "dependent property" should be repaired, rebuilt or replaced with reasonable speed and similar quality.

"Period of restoration" does not include any increased period required due to the enforcement of any ordinance or law that:

- a. Regulates the construction, use or repair, or requires the tearing down of any property; or
- b. Requires any insured or others to test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of "pollutants".

The expiration date of this policy will not cut short the "period of restoration".

- C. Increased Cost of Construction Coverage** – If a Covered Cause of Loss occurs to a covered Building at a described location, we will pay for the increased cost to repair, rebuild, or construct the property caused by enforcement of building, zoning, or land use ordinances or laws.

This coverage applies only if the restored or remodeled property is intended for similar occupancy as the current property, unless such occupancy is not permitted by zoning or land use ordinance or law.

The Coinsurance Additional Condition does not apply to Increased Cost of Construction Coverage.

We will not pay for any increased cost of construction if the building is not repaired or replaced.
