### **Firm Introduction & History**

Brantley Development LLC is a minority-owned and operated company serving the Detroit region since 1995. We are a licensed and insured contractor, providing Michigan businesses and individuals with superior home improvement and landscape services.

Brantley Development LLC was founded in Flint, Michigan in 1995 by Stanley Brantley. After graduating from college with a degree in Community and Regional Planning and working as a landscape supervisor with Genesee County Parks and Recreation Former Arboretum and various other landscape companies, Mr. Brantley started providing a handyman and landscape service independently.

As his reputation grew, the Flint Journal newspaper printed an article on him and the work he was doing in the community. Since then, the company has continued to grow and in 2005, Brantley Development LLC expanded to include the Detroit Region. Today, Brantley Development LLC provides residential home improvements and property management services to residents, non-profit and government agencies.

### **Statement of Project**

Brantley Development LLC is proposing to provide Lawn and landscape services for the City of Troy senior program. Brantley Development LLC will approach this project by responding to all requests from the City. We shall cut, trim, and remove debris as stated in the scope of services.

Brantley Development LLC will provide all tools, transportation, and labor to meet the requirements of the contract. Below is a list of vital equipment that Brantley Development has at its disposal for use.

Brantley Development LLC has the financial ability to lease and/or purchase any additional equipment necessary to meet the needs of the Township.

### **Maintenance Plan**

Our staff will coordinate with the Senior Service department to develop a schedule and route to ensure all properties are addressed in a timely manner.

# *Brantley Development LLC*

## *Landscape & Construction*

### **Insurance**

Brantley Development can meet all insurance requirements and will have its insurance agent forward all updated insurance documents to the City of Dearborn purchasing department.

### **Management Summary**

A critical component to any successful venture is maintaining open lines of communication. This is essential not only between The City and Brantley Development LLC, but also between the seniors and our staff. Any breakdown in communication can lead to a safety concern for residents and Brantley Development staff. In the past, Brantley Development has maintained very good communication with the managers and staff of the City of Troy and we pride ourselves on maintaining that level of communication with all parties.

Our staff and vehicles are easily identified with company name and logo on them. Our vehicles are outfitted with strobe lights and utilize up to date GPS systems for routing purposes. All crew leaders have digital cameras and cell phones for immediate access. Brantley Development staff has provided services to municipalities in the past and has established strict guidelines for dealing with any conflict that may arise with individuals. We will be assigning crew leaders that have previously worked in similar areas under previous contracts. This will ensure that our crews know what level of service is expected.
