Subject: Standard Purchasing Resolution 2: Award to Sole Bidder Meeting Specifications – TST Rifle Replacement

History

The Troy Police Department Tactical Support Team (TST) is tasked with the use of advanced tactics and use of specialized equipment for emergency circumstances that the Police Department responds to within the City of Troy. One of those specialized pieces of equipment is the rifle assigned to each member. Each rifle bears a suppressor, light source and mounted optic.

The Police Department is looking to replace the rifles assigned to the TST as they have been used for quite some time and are beginning to show wear and tear. Better technology, product material, reliability and functionality has emerged since the purchase of our current rifles approximately 19 years ago. With the purchase of new rifles with accessories, members would be better equipped to operate in their job function on TST to stop potentially lethal threats, save lives and keep the peace.

Purchasing

On September 21, 2023, a bid opening was conducted as required by the City Charter/Code for the purchase of the TST Rifles with attachments and trade-in of current rifles inventory for the Police Department. The bid was posted on the MITN Purchasing Group website; www.bidnetdirect.com//city-of-troy-mi. Forty-nine (49) vendors were notified via the MITN website; one (1) bid response was received. Below is a detailed summary of potential vendors for the bid opportunity.

Companies notified via MITN	49	<p><i>MITN provides a resourceful online platform to streamline the procurement process, reduce costs, and make it easier and more transparent for vendors to do business with the City of Troy.</i></p> <p>Active MITN members with a current membership and paying annual dues receive automatic electronic notification which allows instant access to Bids, RFPS and Quote opportunities with the City.</p> <p>Active MITN non-paying members are responsible to monitor and check the MITN website for opportunities to do business with the City.</p> <p>Inactive MITN member status can occur when a company does not renew their account upon expiration. Inactive members cannot be notified of solicitations or access any bid information.</p>
