- Water System Materials will be purchased on an as needed basis to replenish inventories throughout the year at unit prices as specified and detailed in the bid tabulation.
- The current contract is expiring June 30, 2024.

MITN provides a resourceful online platform to streamline the procurement process, reduce costs, and make it easier and more transparent for vendors to do business with the City of Troy.

Active MITN members with a current membership and paying annual dues receive automatic electronic notification which allows instant access to Bids, RFPS and Quote opportunities with the City.

Active MITN non-paying members are responsible to monitor and check the MITN website for opportunities to do business with the City.

Inactive MITN member status can occur when a company does not renew their account upon expiration. Inactive members cannot be notified of solicitations or access any bid information.

- Based upon the bid responses and per the attached bid tabulation; it is in the City’s best interest to award the contract to the overall low bidder as specified.
- Etna indicated that their bid was not to be broken up and quoted a lead time of 36 weeks. Ferguson quoted a lead time of 30 weeks. Core & Main quoted a lead time of 17-19 weeks and has demonstrated a high level of customer service during previous contracts. Therefore, *Core & Main of Shelby Twp., MI* is the overall low bidder meeting specifications and pricing requirements and is being recommended for award.
