Subject: Standard Purchasing Resolution 2 – Award to Low Bidder Meeting Specifications – Patrol Rifles with Accessories – Troy Police Department

History

Responding to an increase in international and domestic terrorism as well as armed suspects using assault rifles to commit various crimes including assaults on peace officers, the City of Troy authorized our Police Department to carry patrol rifles in 2007. Over the last 16 years, we have implemented training and deployment policies based on best practices from research conducted across the country and around the world. Presently, the use and issuance of departmental semi-automatic patrol rifles is an industry-standard amongst law enforcement agencies across the country.

In 2021, we purchased 45 patrol rifles to replace 14-year-old rifles that were issued to officers. Although the initial goal was to replace rifles that were reaching the end of their useful service life, this still left over 50 officers without issued patrol rifles. As a supplement, officers are currently given the option to participate in the patrol rifle purchase program which allows officers to purchase and carry a rifle, optic and flashlight of their choice once approved.

We have 59 officers without issued patrol rifles. We need an additional 5 rifles to account for future staffing increases as well as to replace broken rifles or rifles placed in evidence which consequently totals 64 rifles to complete the process of issuing every police officer at the Police Department with a patrol rifle.

The Police Department is requesting the purchase of 64 Geissele Super Duty Rifles with accessories for an estimated total of \$161,000. This would complete the process of issuing every police officer at the Troy Police Department a patrol rifle. These rifles would include optics, flashlights and slings to function the same as all other issued rifles in the department.
