Subject: Standard Purchasing Resolution 2: Award to Sole Bidder Meeting Specifications – Golf Course Pavement Improvements at Sanctuary Lake and Sylvan Glen Golf Courses

History

- Established in 2004 Sanctuary Lake is an 18- hole course, and offers four sets of tees ranging from 4,750 to 6,555 yards.
- Established in 1922 Sylvan Glen is a traditional tree lined golf course with 18 holes offering four sets of tees, ranging from 5,000 to 6,700 yards.
- In 2008, Billy Casper Golf (now TROON Golf) was awarded a management contract for Troy’s two golf courses.
- Both courses require pavement improvements.
- The improvements at Sanctuary Lake are to replace sections of the golf cart paths that need to be improved due to wear and tear. No improvements have been done to the paths since the course was opened.
- The improvements at Sylvan Glen will create a larger space for golf course cart storage and increase the area that golfers drive the carts on to the course. It will also replace a broken pipe that occasionally causes the cart barn to flood.
- These improvements will increase the longevity of the courses and ensure the safety of the golfers.

1. Only applies to the extent permitted by law; and
2. Will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

A person's or organization's status as an additional insured under this endorsement ends when your operations for that additional insured are completed.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

 - 2. Available under the applicable limits of insurance;
- whichever is less.

This endorsement shall not increase the applicable limits of insurance.
