Subject: Standard Purchasing Resolution 2: Award to Sole Bidder Meeting Specifications – Portable Stages

---

### **History**

The City of Troy developed Jeanne M. Stine Community Park as a dedicated space for civic gatherings. Phase I of the park focused on establishing public space with pathways, and infrastructure to support community events. Phase II, the skating amenity, now known as The Rink, and the pavilion were added, further enhancing the park's role as a hub for public activities.

Recognizing the significance of this space in fostering community connections, the Troy Community Foundation generously donated \$100,000 toward the construction of a performing arts shell. Building on this momentum, it became clear that adding a portable elevated stage would provide additional flexibility, benefiting both the performing arts shell and the event space within the Pavilion's Great Hall.

With this purchase, the City will be able to relocate its concert series from Boulan Park to Jeanne M. Stine Community Park, further solidifying the park's role as a venue for public performances and gatherings. This investment enhances the City's ability to host a variety of cultural and community events, ensuring that residents and visitors alike can continue to enjoy high-quality programming in a thoughtfully designed space.
