### **PLANNED UNIT DEVELOPMENT**

8. PLANNED UNIT DEVELOPMENT APPLICATION (PUD 014) – Proposed Stonecrest Planned Unit Development, East side of Livernois between Big Beaver and Wattles, Section 22, Currently Zoned R-1E (One Family Residential) District

Mr. Savidant gave an explanation of a Planned Unit Development application and its approval process.

Mr. Carlisle noted a PUD application ties together the proposed rezoning and site plan as a complete package for consideration by the Planning Commission and City Council.

Mr. Carlisle addressed the revisions to the conceptual Preliminary Site Plan since last reviewed by the Board at their July 28, 2015 meeting:

- Relocation of shared access on City property.
- Reconfiguration of parking spaces; additional spaces closer to the building front.
- Increased landscape buffer for City dog park parking lot; greater screening from Livernois, includes rain garden.
- Increased size of shared detention basin.
- Addition of plaza and 10 foot path to serve as a trailhead.

Mr. Carlisle said the City dog park layout is conceptual and the orientation of the dog park in relation to the assisted living facility is flexible and a product both parties are working on. Mr. Carlisle reviewed the overall community benefits that are being offered by the applicant.

Present were Mark Pomerence, Vice President of Development of North Point Development, Thomas Sawyer of Hutson, Sawyer, Rupp & Schroeder law firm and David Hunter of Professional Engineering Associates.

Mr. Pomerence announced homeowners in the Westwood Park and Troy Meadows subdivisions were invited to a meeting to discuss the proposed development. He addressed the Planning Commission comments relating to the massing and orientation of the building. Mr. Pomerence stated a change in the building orientation and site layout would adversely affect the interior design of the building and functionality of the assisted care facility.

Mr. Pomerence displayed a colored site plan. He addressed revisions to the site plan as follows:

- Floor layout, level of security for memory care.
- Access drive; alignment with office buildings across the street, median, wayfinding.
- Stormwater detention basin; water feature.
- Plaza at trailhead; connecting sidewalk to trails.
- Parking; screening, future needs, employee.
- Building setback; building height.
- Dumpster relocation.
- Elevation; brick vs stone facade.
- Ambulatory runs estimation.
- City improvements cost estimate; \$606,233 (includes \$50,000 for dog park improvements).

There was discussion on:

- Building height.
- Grading, slope of property.
- Stormwater management; rain garden.
- Existing trees.

- Snow removal.
- Tax analysis.

Chair Edmunds opened the floor for public comment.

Duane Kristofice, 3404 Talbot, voiced opposition to the proposed development. He addressed concerns with size/height of building, parking, preservation of existing trees, property value and light and noise pollution.

Steve Toth, 2312 Niagara, voiced support of the proposed development in relation to the City dog park and its proximity to the central hub of the City. He said the development would be a good anchor and add quality and value to the dog park.

Chair Edmunds closed the floor for public comment.

It was the consensus of the Planning Commission to schedule a public hearing for the application.

6. DOWNTOWN DEVELOPMENT AUTHORITY (DDA)

City Manager Kischnick addressed the financial status of the DDA. He reported the DDA is doing well, making strong strides toward its debt payment and is moving forward with enhanced maintenance of the Big Beaver Corridor.
