## INTRODUCTION

The owner of 6071 Livernois (Ye Olde Flower Shop) submitted an application to remove (de-list) the property from Chapter 13 Historic Preservation. The City of Troy Planning Department maintains files for properties listed as historic in Chapter 13. It appears that a file report documenting the justification

## TROY HISTORIC VILLAGE RESEARCH

### 6071 Livernois (Ye Olde Flower Shop)

**History of land ownership mostly based on maps available at the Troy Historic Village. A thorough search through the county deeds would give more specific dates and additional land ownership information.**

- 1822 April 15<sup>th</sup> original purchase by Guy Phelps, 160 acres.  
Guy Phelps owned 160 acres SE ¼ of Section 4 and 160 acres “across the street” in SW ¼ of Section 3. See appendix for land grant for SE ¼ Section 4, filed Apr 2 1823.
- 1838 Included in the plat for the Village of Hastings. This suggests it was purchased by Johnson Niles sometime between 1823 and 1838.
- 1857 Part of Niles Corners (ownership noted on the 1857 map). This suggests it was still owned by Johnson Niles.
- 1872 Owned by George H Niles (ownership noted on the 1872 map). George inherited much of the Johnson Niles property including the Niles House on Livernois south of Square Lake Road and the land where 6071 Livernois would be built.
- 1896 Owned by Thomas Smith (1896 Map).
- 1908 Hard to read parcel owner on the 1908 map – Phillips?
- 1916 Name absent from 1916 map.
- 1917? House and land were purchased by Fred and Rosetta (Kyser) Schoch after the death of their son in 1917. Unsure who they purchased the house from, though a search of the county deeds would give more information.
- 1921 The property became part of Troy Acres Subdivision.
- 1930 House still owned by the Schoch’s, though they also spent time in Florida (US Census).

1940 Fred and Rosetta Schoch (US Census).

1953 Fred Schoch dies, Rosetta continues to live in the home at 6071 Livernois.

1966 Rosetta Schoch dies, with no surviving children the house is sold.

1967? Purchased by Fred and Jeannine Jezierski.

### **Records relating to 6071 Livernois and the Historic District Commission (HDC)**

1971 6071 Livernois (88-20-04-478-017) was first nominated for historic designation by Dorothy Scott in March of 1971. The property was one of 120 suggested listings submitted by Mrs. Scott that year, it was NOT approved.

197? Lois Lance's notes (HDC) suggest the house was built c. 1905.

1986 The property first appears on Chapter 13 historic designation list in November 1986 HDC meeting minutes.

199? The property appears in the HDC "Troy...Next Five Exits" pamphlet with the notation c.1915.

The property was designated as part of the larger Troy Corners Historic District area (year unknown).

There is no historic survey on file for this building in the City's Historic District Commission records. As the various pamphlets and notes indicate, there was never any in-depth research conducted to give the house and barn an appropriate historic designation. Dorothy Scott and Lois Lance were passionate about saving pieces of Troy history as the city was rapidly changing in the 1960s. This effort was well intended and important. However, it appears that 6071 Livernois was considered because it was more than 50 years old and there were very few buildings left in the area that were over 50 years old.

No other paperwork in our holdings suggests why this building is historically significant. The house appears to be a vernacular farmhouse built around 1900. It was renovated in the late 1960s shortly after Fred and Jeannine Jezierski purchased it. Their children said a majority of the work was completed by their father to bring the house "up to date". While there are very few surviving homes from that era in Troy, there seems to be no other reason for historic designation.

Loraine Campbell and Jen Peters did a visual inspection of the barn on August 17<sup>th</sup>, 2020. There is some age to it, with hand-hewn beams, original rafters that still have

bark, and some original floors, but it has been heavily modified. It would need further review by a barn specialist to determine what kind of historical value it may still have.

## **BUILDING OFFICIAL INSPECTION**

The City Building Official inspected the site in November, 2020. The following summarizes his findings:

There are two buildings on the property. He was not able to enter any of the buildings because the shop was closed. The flower shop is located within the building at the back (north). It has two attached structures, one on the side. It is an apparent sun room of low quality that is deteriorated. On the back side there is an attachment, it has a flat low roof, it was possibly added for storage. It is in bad shape and it looks deteriorated. The shop itself has a roof with shingles that do not represent the era of the building. In addition, it has two skylights that are more of a 1960's fashion. The furnace stack is tilted. On the interior of that same building, the structure is composed of timber elements. It could not be determined if they are from the original structure. The ceiling was probably restored, at a later date following construction.

The building at the front (south), appears to be a single house. It has the same characteristic on the roof as the back building. The shingles do not represent its historic value. The porch of the front building has a ceiling that was repaired with contemporary 4' x 8' wood paneling. It does not represent its historic value.

## **BARN PRESERVATION NETWORK INPUT**

Jen Peters from the Troy Historic Village reached out to Steve Stier with the Barn Preservation Network. He passed on photos to an architect who also works with barns and they both felt like it might be a stick-built building with the beams added to make it look older. A photograph in Appendix C shows an unused corner notch which indicates the beam is used for aesthetic purposes only.

They also both agreed that if there is no definitive evidence to link it back to the original Troy Corners settlement then there is probably little historic value.

## **SUMMARY**

It is unclear why the property was designated as "historic" under the provisions of Chapter 13 Historic Preservation.
