Subject: I-04 BID WAIVER AND BUDGET AMENDMENT - SIX PASSENGER ELECTRIC GOLF CART

Is one enough for projected use/shuttle service? I'm assuming we don't know yet, but I'm just wondering if there is a potential savings in buying two now. I have no doubt they will get good use.

Answer: Brian Goul – Recreation Director

We believe that one vehicle will be sufficient, but we will of course monitor usage and consider adding another at a later date. In this case, we would not expect a cost savings by purchasing two carts together. Additionally, the rink has the space to store only one cart at this time.
