Subject: Changes to Volunteer Firefighters Incentive Program

Background

In February and again in March of 2018, the Volunteer Firefighter Incentive Committee (VFIC) requested to meet with City Management to discuss desired changes to the Volunteer Firefighters Incentive Plan (VFIP) after the last benefit distribution increase occurred on July 1, 2017. Staff members met with the VFIC several times to hear their intentions. The VFIC requested three items regarding the VFIP:

- Increase the distribution amount and provide predictable future increases.
- Provide additional incentive for members serving as station officers.
- Provide partial month's credit for members leaving or returning from a leave of absence.

Over the last year and several months, staff members met to discuss how best to address each of the VFIC's interests. During that time, the City appointed a new City Manager and a new Chief Financial Officer. Discussions continued, however, and several actuarial studies were provided by GRS Retirement Consulting.

Financial

City Management evaluated the cost of retroactively increasing incentive benefits in fiscal year 2018-2019, the so called "lost year", by the rate of inflation. This logic was used to tie the benefit increases to the City's revenue increases under the Headlee Amendment.

CITY COUNCIL AGENDA ITEM

Recommendation

As a result of this effort, City Management is recommending the following changes to the VFIP for Council action on February 10, 2020:

- Increase incentive benefits from \$769 to \$819 as follows:
 - 2.1% in FY2019
 - 2.4% in FY2020
 - 1.9% in FY2021
- Apply future annual increases to incentive benefits based on the Consumer Price Index (CPI) not to exceed 5%.
- Increase years of service credit for consecutive years served as a station officer from 1 to 1.3.
- Allow monthly service credit for (10) or more days served during a given month for members on a leave of absence.
- Add an option for surviving spouses to receive incentive benefits after an eligible participant's death.

This proposal will decrease the Plan's funding level from 54.5% to 48.3% and increase the City's annual contribution from \$1,319,272 to \$1,734,594, an increase of \$415,322 to account #101.336.340.7955.020, and a corresponding 7.5% increase to the Fire Department's current overall operating budget.

Although the goal is to achieve 100% funding for the plan, City Management believes this additional cost is reasonable and sustainable, and shares City Council's appreciation of our volunteer firefighters, and values the volunteer services they provide.
