Subject: Standard Purchasing Resolution 2 - Replacement Pistols – Police Department

History

- The pistol team was created in the 1970's by former police Chief John Donovan.
- The last time guns were purchased for the pistol team was in 1980.
- For the last 15 years the Troy Police Department has been the Class "A" champion for the Governor's Match, in which police departments from all over the state meet in order to compete.
- The guns last purchased are no longer in production, and new parts for repairs can no longer be purchased
- For the last three months the pistol team has been testing and evaluating pistol replacements.
- CZ-USA, Sig Sauer, and Glock firearms were tested.
- Every member of the pistol team was able to handle and shoot all firearms, and as a result, the majority of team members chose the Sig P210 Target.
- The Sig P210 Target is a 9mm semi-automatic pistol that is specifically designed for the purpose of bullseye competitions and is manufactured in New Hampshire, USA.

Purchasing

- Based on the results of the testing and evaluation process conducted by the Police Department quotes were obtained.
- Many vendors due to pandemic related shortages cannot meet delivery requirements.
- The three (3) vendors with current stock were compared, and it was found that *Vance's of Columbus, OH* had the lowest price; as detailed below.
