CITY COUNCIL AGENDA ITEM

Date: July 20, 2021

To: Mark F. Miller, City Manager

From: Robert J. Bruner, Assistant City Manager
Glenn Lapin, Economic Development Specialist

Subject: Final Report – Oakland County Restaurant Relief Program

The Oakland County Board of Commissioners established the Oakland County Restaurant Relief Program to assist local restaurants and bars during the pandemic. The City of Troy entered into an Interlocal Agreement with Oakland County on February 25, 2021 to administer the program at the local level. The Troy Chamber of Commerce provided program assistance.

In Phase I of the program, the County made available to cities, villages and townships certain types of products and supplies for distribution to restaurants, bars and cafes. Supplies offered include greenhouses/igloos, propane heaters, electrostatic sprayers, disinfectant and propane tanks. Six Troy restaurants, bars and cafes received Phase I program assistance, including Loaded Dice, Season's 52, Lolo Potluck, Cucina Lab, Gran Castor and Sedona Taphouse.

Phase II of the Oakland County Restaurant Relief Program was launched in February 2021. Phase II provided for the reimbursement of limited costs (up to \$10,000) incurred by restaurants for the establishment of outdoor dining areas, PPE related items and specified business expenses. A total of \$108,339.50 was distributed to qualifying businesses. The program ended June 30, 2021.

Sixteen Troy restaurants, bars and cafes participated in the Phase II reimbursement program. An average reimbursement of \$6,771.22 was received by each business. It is estimated that these participating restaurants impact 365 jobs. The 16 businesses that received reimbursement through Phase II of the program are Sedona Taphouse, Ashoka, Aldana's Mexican Grill, Loaded Dice, Lolo Potluck, Gran Castor, Shield's, Fogo de Chao, Loccino's, Cucina Lab, Biggby Coffee, Ridley's, Neehee's, Kerby's Koney Island (2901 Crooks), Kerby's Koney Island (5407 Crooks), and Kerby's Koney Island (384 John R).

Program funds enabled these businesses to create or improve outdoor seating areas, purchase PPE and make needed technology improvements. The funds helped many of these businesses stay open and continue to operate during a critical time. The program also helped these businesses strengthen outdoor dining options, which will provide long term benefits to the business and community. We received very positive feedback from these businesses; they were grateful for the assistance.

The City of Troy initially received 23 applications from businesses interested in participating in the program (up to \$230,000 was initially approved by Oakland County for the Troy program). However, seven businesses dropped out of the program for a variety of reasons including a sale of the business, failure to provide adequate receipts, and business decisions to not proceed with program

500 West Big Beaver
Troy, MI 48084

CITY COUNCIL AGENDA ITEM

purchases. In addition, although several businesses initially requested the maximum allowable amount of \$10,000, actual eligible purchases amounted to significantly less than the maximum allowable amount. Per the Interlocal Agreement, the City of Troy is refunding the difference back to Oakland County.

City of Troy staff administered this program, assisted each participating business directly and managed the grant funds. The detailed final report submitted to Oakland County is attached. Troy City Council's support of this program is greatly appreciated.

The Oakland Together Restaurant Relief Grant Program

Performance and Expenditure Report #2

Phase One Products

Phase One Products

Public Body Name: *

City of Troy

Public Body Address:

500 W Big Beaver Rd, Troy, MI 48084

Application ID Number:

10046RR

The grant allowed the community to provide the products to businesses or to maintain ownership of those products. The Public Body initially reported the status of the Phase One products in the table below (from 1st Report). Where applicable, please verify the number of products provided to businesses and the number maintained by the Public Body, DDA, other downtown or corridor management organization:

Product Description (reported values from the first submitted report)

	Products Awarded	Reported number of products provided to businesses *	Reported number of products maintained by Public Body, etc. *	Please verify the number of products provided to businesses *	Please verify the number of products maintained by Public Body, etc. *
Snap & Grow Brand 8 x 12 Greenhouse	3	3	0	3	0
Igloo - 12ft in diameter	1	1	0	1	0
Outdoor Propane Heater + Propane Tank	24	24	0	24	0
Outdoor Propane Heater + Propane Tank w/ Exchange Program	0	0	0	0	0
20 lb. Propane Tank Refill / Exchange Program	0	0	0	0	0

Business Reimbursement (Products and/or Services) Summary

Total dollar amount reimbursed to all businesses:

\$ 108,339.50

Funding Summary

Funding Summary

Public Body Name:

City of Troy

Public Body Address:

500 W Big Beaver Rd, Troy, MI 48084

Application ID Number:

10046RR

Acquisition and Reimbursement Funding Summary

In total, the Public Body received the following amount for acquisition and/or reimbursement.

\$ 230,000.00

Based on the information you've provided in this report, the total amount used for acquisition (purchase) and reimbursement for products and services is:

\$ 108,339.50

Please share information about the acquisition and/or reimbursement funding if your reported amount is more than the amount the Public Body received from Oakland County. Or feel free to provide additional information about the acquisition and/or reimbursement portion of the grant program.

Phase II of the Restaurant Relief Program enabled the City of Troy to provide much needed reimbursements to 16 restaurants, bars and cafes. The funds enabled these businesses to create or improve outdoor seating areas, purchase PPE and make needed technology improvements. The funds helped many of these businesses stay open and continue to operate during a critical time. The program also helped these businesses strengthen outdoor dining options, which will provide long term benefits to the business and community. We received very positive feedback from these businesses; they were very grateful for the assistance.

The City of Troy received 23 applications from businesses interested in participating in the program (23 businesses times a maximum of \$10,000 per business equals the \$230,000 initially requested). However, seven businesses dropped out of the program for a variety of reasons including a sale of the business, failure to provide adequate receipts, and business decisions to not proceed with program purchases. In addition, although several businesses initially requested the maximum allowable amount of \$10,000, actual eligible purchases amounted to less than the maximum allowable amount. The City of Troy will be refunding the difference back to Oakland County.

Additional Support

What additional support does your community need related to the ongoing impacts due to the pandemic?

A major concern going forward is the uncertainty related to the long term impacts of hybrid working and remote working on office properties, retail and restaurants. As leases end, it is likely that many businesses will reconsider how much office space they need, and sign leases for less space. Higher office vacancies will impact our commercial areas, and could hurt business for our retail and restaurants. Strategic thinking on how best to address these potential impacts is needed in partnership with the County and localities.
