CITY COUNCIL AGENDA ITEM

Date: April 5, 2022

To: Mark F. Miller, City Manager

From: Robert J. Bruner, Assistant City Manager
R. Brent Savidant, Community Development Director

Subject: APPLICATION TO DE-LIST 54 E. SQUARE LAKE ROAD

54 E. Square Lake Road is listed as a historic property in the City's Historic Preservation Ordinance (Chapter 13). Property owner Renis Nushaj of 5960 Livernois LLC submitted an application to de-list the property. A statement indicating reasons for eliminating the designation was provided with the application. A two-story house presently sits on the property, which is zoned NN (Neighborhood Node "Q") Zoning District.

To de-list a property, City Council should make a finding that the subject property meets one or more of the following standards:

1. The historic district has lost those physical characteristics that enabled establishment of the district.

The City has no historic records on file for this property. The reasons for establishing the property as a historic property cannot be determined. The Historic District Study Committee determined that the property is not historically significant.

2. The historic district was not significant in the way previously defined.

The reasons for establishing the property as a historic property cannot be determined. The property is not historically significant based on research findings. The Historic District Study Committee determined that the property is not historically significant.

3. The historic district was established pursuant to defective procedures.

Based on the information available, it seems the property was listed simply because it was an older building. The age of a building does not make it historically significant.

On March 22, 2022 the Planning Commission considered the application and took no action. On March 28, 2022 the Historic District Study Committee recommended 3-0 that the property be de-listed.

City Council has final authority to approve the de-listing of 54 E. Square Lake Road.

Note: The information provided by this application has been compiled from recorded deeds, plats, tax maps, surveys, and other public records and data. It is not a legally recorded map survey. Users of this data are hereby notified that the source information represented should be consulted for verification.

The Historic District Study Committee meeting began at 6:00 p.m. on March 28, 2022, in Niles-Barnard House, Troy Historic Village.

1. ROLL CALL

Present:

Barb Chambers
Timothy McGee
Kent Voigt

Also Present:

R. Brent Savidant, Community Development Director
Jackie Ferencz, Administrative Assistant

2. APPROVAL OF AGENDA

Moved by: McGee

Seconded by: Voigt

RESOLVED, To approve the Agenda as prepared.

Yes: All present (3)

MOTION CARRIED

3. APPROVAL OF MINUTES

Moved by: Voigt

Seconded by: Chambers

RESOLVED, To approve minutes of October 5, 2021, as presented.

Yes: All present (3)

MOTION CARRIED

4. PUBLIC HEARING – PRELIMINARY REPORT, APPLICATION TO DE-LIST A HISTORIC PROPERTY – 54 E SQUARE LAKE

Mr. Savidant summarized the Preliminary Report to De-List 54 E. Square Lake Road and presented an update.

Report sent to the State of Michigan.

Planning Commission discussed and no action taken.

General discussion followed.

Ms. Chambers opened the public hearing

No one present to comment

Ms. Chambers closed the public hearing

RESOLVED, The Historic District Study Committee hereby approves the Final Report to De-List 54 E Square Lake; and,

BE IT FURTHER RESOLVED, The Historic District Study Committee finds that 54 E Square Lake is not historically significant; and,

BE IT FINALLY RESOLVED, The Historic District Study Committee hereby recommends to City Council that 54 E Square Lake be delisted from Chapter 13 Historic Preservation.

Yes: All Present (3)

MOTION CARRIED

5. PUBLIC COMMENT

There was no one present who wished to speak.

Chairperson Chambers adjourned the meeting at 6:45 pm

G:\Historic District Study Committee\54 E Square Lake\Minutes\HDSC Minutes 2022 03 28 Draft.docx

6. APPLICATION TO DE-LIST 54 E. SQUARE LAKE

Mr. Savidant reviewed the procedure to remove a historic designation of a property. He stated the City has no file on record for the property located at 54 E. Square Lake and reported an outside source was contracted to prepare a Preliminary Report which was reviewed by the Historic District Study Committee (HDSC) at their October 5, 2021 meeting. Mr. Savidant read findings of the report and advised the Board that a deed research could not be accomplished because the Register of Deeds office is closed due to the pandemic. He stated the applicant affirms the request to de-list is to allow flexibility for renovating the property and there is no intent to demolish the building.

Mr. Savidant advised the Board its options are to recommend or deny the de-listing request or to take no action.

Discussion followed. Some of the comments related to:

- Reasons one might want to remove a historic designation.
- Current zoning designation of the property (Neighborhood Node).
- Improbability to obtain deed research.
- Approval process for exterior renovations; interior renovations are permitted.
- Exterior of home; modern look with vinyl siding and windows.
- Proximity of home to right-of-way; concerns with safety, minimal front yard, parking.

The consensus of the Board was to take no action.

Mr. Savidant advised the Board this evening's draft minutes would be provided to the HDSC at their March 28, 2022 meeting.

FINAL REPORT

HISTORIC DISTRICT STUDY COMMITTEE

Narrative Architectural Description

Provide a detailed description of the property, including all character-defining features and any accessory resources. This is required for all properties.

See continuation sheet.

History of the Resource

Provide information on previous owners, land use(s), and construction and alteration dates in a narrative format. This is required for all intensive level surveys, NRPQs, and nominations, and recommended for other identification efforts.

See continuation sheet.

Statement of Significance/Recommendation of Eligibility

Provide a detailed explanation of the property's eligibility for the National Register. Include an evaluation under at least one of the four National Register Criteria and one Area of Significance. Include a discussion of the seven aspects of integrity, and make a recommendation about eligibility. This is required for all properties.

See continuation sheet.

References

List references used to research and evaluate the individual property. For NRPQ's include copies of key documents.

See continuation sheet.

54 E. Square Lake Road - Architectural Properties Identification Form Continuation Sheet

Narrative Architectural Description

Provide a detailed description of the property, including all character-defining features and any accessory resources. This is required for all properties.

54 E. Square Lake Road is one and a half story building with a side-gable roof with projecting eaves. It is constructed on a raised foundation of rusticated concrete block. The building has a square footprint and is positioned near the northern lot line facing Square Lake Road. It was originally constructed as a residence.

A projecting front porch is positioned at western end of the front façade, covered by a steeply pitched front gable roof decorated with wooden boards to convey half-timbering. The porch roof supported by wooden posts above tapered piers covered in split field stone. The entry is accessed via a raised porch with wooden stairs parallel to the front elevation. On the first floor of the façade, three double-hung six-over-six windows are positioned to the left of the front porch and entry. On the second floor, a gabled dormer is punctuated by three six-over-six double-hung windows. Windows on all four elevations are surrounded with flat wood trim.

The façade is embellished with English Tudor Revival elements to elevate the Bungalow style building. Front facing gables are decorated with boards to mimic half-timbering and have protruding open eaves edged with oversize wood boards. Exterior walls are finished in a faux stucco replicating a rustic stone and mortar pattern. The chimney is finished in the same split stone treatment as the front porch piers.

At the rear elevation, a secondary entry to the first floor is accessed via a set of wood stairs and ramp. Entry to the building's second floor is gained via an enclosed exterior stairway with three square fixed window openings. The shed dormer and stairway are faced with vertically oriented painted wood boards.

History of the Resource

Provide information on previous owners, land use(s), and construction and alteration dates in a narrative format

54 East Square Lake Road is located in the City of Troy in Oakland County Michigan. Square Lake Road runs east and west between Pine Lake Country Club in West Bloomfield and terminating at Van Dyke Avenue and the Clinton River in Sterling Heights, Michigan. It alternates between a two lane and four lane roadway, occasionally with center turn lanes to accommodate traffic patterns. Square Lake Road is named 19 Mile Road east of John R Road. Historically at Troy Corners Square Lake Road was called Troy Road and Livernois Road was also known as Main Street.

The land commonly known as 54 E. Square Lake Road was constructed was originally territory of the Anishinabewaki, Potawatomi and Mississauga tribes. In 1821, New York native Johnson Niles purchased a 160 acre tract in the northwest part of Section 9 from the United States government. Troy Township is formally established in 1827 and in 1838 Johnson Niles platted sixteen blocks in Sections 4, 9, and 10 to form the Village of Hastings, including the property commonly known as 54 E. Square Lake Road in Section 10. A 1872 map indicates the Niles family owed the majority land surrounding Troy Corners in Sections 4, 9, and 10 however by 1896 land ownership has been greatly diversified amongst a number of families and individuals. Ownership information for 54 E. Square Lake Road is not included in the historic maps.

There are no records in the Troy Historical Commission archives to indicate the year built, architect, builder, or original owner for 54 E. Square Lake Road. It is estimated the building was constructed between 1910 and 1915. City of Troy assessor records assign 1915 as the year of construction. In

September 1926, Supervisor's Plat No. 7 was approved by Troy Township and 54 E. Square Lake was assigned Lot 26.

City of Troy records reveal that the resource has undergone multiple exterior and interior alterations. In 1965 a change of occupancy from residential to commercial use was approved and it is at this time the building is connected to utility gas service. In 1973 a change of occupancy was again sought from residential to commercial use and alterations included a new roof, mechanical and electrical upgrades, repairs to the front porch and stairs and refinishing of interior ceilings and walls. In 1979 major improvements included grading and installation of gravel parking lot, new first floor restroom and the addition of a new wooden ramp and porch railings at the primary entry. In 1988 a six foot high masonry screening wall was erected to provide a barrier between neighbors and the business use of the property.

After 54 E. Square Lake Road was converted from residential to commercial use, retail operations have dominated the businesses located at the building, with the majority focused in the antique, floral and gift genres. The historic buildings of Troy Corners that were converted into commercial use were dominated by small antique shops for several decades and the following businesses were located at 54 East Square Lake Road: Horse's Mouth Antiques & Gifts (1960s); Acorn Antiques & Gifts (1980s); Schaefer Florist, Inc. (1990s); Sense of Thyme Herbs (2000s). Later businesses included a real estate firm and State Farm insurance brokerage.

Statement of Significance/Recommendation of Eligibility

Provide a detailed explanation of the property's eligibility for the National Register. Include an evaluation under at least one of the four National Register Criteria and one Area of Significance. Include a discussion of the seven aspects of integrity, and make a recommendation about eligibility. This is required for all properties.

The resource at 54 E. Square Lake Road is designated as an individual historic district under City of Troy Code Chapter 13. A review of building records, Troy Historical Commission designation and survey files and Troy Historical Village archives revealed no information regarding the individual significance, original owner or year built for 54 E. Square Lake Road. There is no indication the building or any below-ground resources were researched or examined further prior to the listing 54 E. Square Lake Road as an individual historic district. The site in question was included in a listing of existing properties nominated for designation by member Dorothy Scott for the Troy Historical Commission in the early 1970s. The listing criteria was most likely only established due to the building's age, exceeding the 50-year historic designation threshold at time of survey. To a lesser degree, significance was likely derived due to proximity and association with the second wave of development that took place between 1900-1930 at Troy Corners.

In 1955, Troy Township became the thirty-three square mile City of Troy and suburban population swells paired with the advanced age of the buildings created an environment ripe for expansion. Aerial photographs of the land immediately surrounding Livernois and Square Lake Roads taken between 1949 and 2020 reveal a consistent pattern of development, resulting in the removal of architectural and agricultural resources significant in their connection to the nineteenth and twentieth century community development of Troy. The church and parsonage originally sited west of 54 E. Square Lake Road was relocated to the Troy Historical Village in 2003, joining a blacksmith shop moved from the northwest corner of Livernois and Square Lake Roads in 1978. Where resources are no longer extant, land reuse includes both new commercial construction and parcels void of development. In 2020, the Michigan State Historic Preservation Office advised the removal of a Michigan Historical Site marker for Troy Corners due to the loss of integrity, namely a lack of existing resources providing tangible connections to the 1820s settlement. The context originally provided by its location at time of listing has been altered to a degree where integrity is lost.

The setting at 54 E. Square Lake Road has changed over time with the removal of trees and growth, addition of a masonry wall along the southern lot line and grading to construct a gravel parking lot for

commercial customers. There are no outbuildings on the property. A modern chain-link fence separates the gravel parking lot from a grassed area behind the building. Immediately west of 54 E. Square Lake is 46 E. Square Lake Road, an individual historic district listed without a year of construction in the Troy Historical Commission documents but likely built prior to 1900. In the view of the resource is the intersection of Square Lake and Livernois Roads, a modern bank and a modern one-story masonry block convenience store and vacant parcels are visible.

While 54 E. Square Lake Road does demonstrate the Bungalow architectural style, it does not prove significant in construction methods or level of workmanship nor a connection to an important person or event. There is no information regarding an architect or builder in historical records. Original materials and configurations have been replaced and altered over time, including replacement vinyl windows, new entries and new porch railings and stairs.

While the individual historic district at 54 E. Square Lake Road is identifiable as a historic building, it does not convey a particular sense of time or significance due to the alteration of the materials and setting. The resource at 54 E. Square Lake Road is not individually eligible for the National Register of Historic Places due to a lack of demonstrated integrity and significance. Any association with the evolution of Troy Corners from agricultural crossroads to suburban intersection is depleted due to a lack of extant historic resources at this location, and no longer supports a connection to the founding or community development of the City of Troy. The previous density of Troy Corners has been eroded in favor of commercial development and thus the building's association with its evolution is also eroded and the resource and setting have been altered to a point that integrity is confused or compromised. As a result, it is recommended that the City of Troy approve the request to delist the resource located at 54 E. Square Lake Road.

Renis Nushaj, Esq.

July 15, 2021

Historical District Commission
City of Troy
500 W. Big Beaver Rd.
Troy, MI 48084

Statement Indicating the Reason for the Elimination of the Historic District

The information available to us indicates that the home in question was constructed in 1915. There is no historic survey that scrivener could find relating to the home. It appears that there was never in-depth research conducted to give the house an appropriate historic designation and it seems that the house was considered on account of the fact that at the time of designation it was more than 50 years old.

We could find no other paperwork suggesting an ostensible reason as to why this building is historically significant. The building appears to be something in between a craftsman style home or a vernacular farmhouse. It has seen visible substantial updates over the years altering both the inside as well as outside of the building on the front, sides and back. The house has been utilized as an office by a local business until recently. When the house was accorded the current designation at the establishment of Chapter 13 no statement of any kind was offered with respect to the reason why the house was historically significant nor was any procedure followed linking the property with the intent of Chapter 13.

The City of Troy has a few surviving homes from that era. Recently, the Commission dealt with the Application to Eliminate the Historical Designation of 6071 Livernois Rd. which is similarly, if not identically, situated. That building was constructed in 1905. Similarly, we could find no definitive evidence based on our research to link the house at 54 E. Square Lake back to the original Troy Corners settlement and as such there is probably little historic value to consider. For all the aforementioned reasons we respectfully request that the Historic District Designation for 54 E. Square Lake be eliminated.

Mr. R. Brent Savidant
Community Development Director
City of Troy
SavidantB@troymi.gov

Dear Ms. Davis:

Staff members of the State Historic Preservation Office (SHPO) have reviewed the preliminary historic district study committee report for the elimination of 54 E. Square Lake Road local historic district. Our comments are enclosed. We offer these comments in order to assist communities to prepare final study committee reports that meet the requirements of Michigan's Local Historic Districts Act. These comments and recommendations are based on our experiences working with local historic districts. The SHPO lacks authority to give legal advice to any person or agency, public or private.

The report was presented to the State Historic Preservation Review Board at their January 27th meeting. They concurred with the SHPO and had no further comments. The Michigan Historical Commission (MHC) will provide their comments directly to the community. If you have questions regarding the MHC comments please contact Michelle Davis at DavisM1@michigan.gov.

We appreciate the City of Troy's efforts to protect Michigan's historic resources. If the SHPO can assist you further, please contact me at ArnoldA@michigan.gov.

Sincerely,

Preservation Planner

**De-List 54 E. Square Lake Road, Troy
Local Historic District Study Committee Report**

The report that was submitted to de-list 54 E. Square Lake is a historic resource survey form not a complete study committee report. It does not include the elements required in PA 169 for inclusion in a study committee report such as the charge of the committee, committee membership, the boundary on a map, etc. When requesting to eliminate a designated local historic district, Section 399.214 of Public Act 169 of 1970 states that study committees shall “comply with the procedures set forth in section 3” of the Act.

The report hints that the resource was related to Troy Corners early 20th century history but provides no background information about what was happening at the time or how the resource related to it. The report states that building records, survey files, and the Troy Village archives were reviewed for information, but deed research could also have been undertaken to determine the names of the building’s owners and their relationship to Troy’s early settlement period.

Section 399.214 (2) of Public Act 169 requires that the report show that the resource meets at least one of three criteria for elimination. The report should state the exact language of the elimination criterion being used to de-list the resource and a statement and documentation that justify that claim.
