Subject: PA 202 of 2017 – The Protecting Local Government Retirement and Benefits Act

---

The Michigan Legislature passed the Protecting Local Government Retirement and Benefits Act in December 2017. The forms and filing requirements are administered by the Michigan Department of Treasury and are required by local governments who offer a defined benefit pension and/or a defined benefit retirement health care system.

The requirements that relate to the City of Troy are as follows:

- Local governments must post the current year report on their website or in a public place.
- The local government must electronically submit the form to its governing body.
- Local governments must have had an actuarial experience study conducted by the plan actuary for each retirement system at least every five years.
- Local governments must have had a peer actuarial audit conducted by an actuary that is not the plan actuary OR replace the plan actuary at least every eight years.

Attached you will find our submission to the Michigan Department of Treasury. We are in compliance with the Act and none of our Systems trigger “underfunded status” as defined by PA 202 of 2017. Specifically, our Retiree Health Care is funded at 81.9% utilizing uniform assumptions against the State’s trigger of 40%. For Pensions, the trigger is 60% funded and a contribution requirement greater than 10% of the ratio of contribution to governmental fund revenues. Our Pension is overfunded at 131.5% utilizing uniform assumptions. The VFIP is funded at 56.2% but the contribution ratio is only 2.1%, thus gaining compliance with the Act.

In the near future the City of Troy will be conducting actuarial experience studies and a peer audit for all three plans.
