AWARD:

The evaluation and award of this bid shall be a combination of factors, including but not limited to: cost, professional competence, equipment, references, and the correlation of the proposal submitted to the needs of the City of Troy.

The City of Troy reserves the right to award this bid to the lowest responsible total proposer meeting specifications; to reject low bids which have major deviations from specifications; to accept a higher bid which has only minor deviations; or to award to multiple bidders; whatever is deemed to be in the City's best interest. It is the intent to seek approval for this service at the October 24, 2022 City Council Meeting.

LOCAL PREFERENCE:

The City of Troy reserves the right to award a contract to a local business, one which pays City of Troy taxes (real and/or personal), if the bid of a local vendor is within 5% of the lowest responsive and responsible non-local bidder, then the local vendor is given one chance to match the low bid.

CONTRACT FORMS:

Bidders should complete and sign the Legal Status of Bidder, Non-Collusion Affidavit, Certification regarding Debarment, the Certification regarding "Iran Linked Business" and the Familial Disclosure Forms and return with your bid proposal

PURCHASE ORDER:

After the Troy City Council has approved the award recommendation and acceptable insurance is received, the successful bidder(s) will receive a purchase order issued from the City of Troy, which will create a bilateral contract between the City of Troy and the successful bidder. The purchase order shall commit the bidder to perform the contract in accordance with the bid specifications. A contract document will not be issued.

1. How many years has your Company been providing Medical Services? Provide historical narrative.
Our Department of Occupational Health has been providing medical services since 1989 servicing over 350 Corporate Clients throughout Michigan. We have 3 different service models: Clinic, Mobile and On Site Clinic/Staffing services.

2. Describe your Company's philosophy relative to Medical Services. Include how often treatment is referred outside the occupational health department of the Company.
Should a referral need to occur outside of our Department we manage the referral process whether it be a referral within the Henry Ford System or out of the system. This seamless process is particularly relative to work related injuries and assists in achieving our case closer rate of less than 1.5 visits, far below National Average. When employees are seen at our Go Health Clinics afterhours, weekends and holidays for work related injuries we follow up with them the next business day if needed, otherwise, we receive a disposition report.

3. How many similar clients does your Company currently serve with the type of services the City is interested in securing? Explain the capacity of the services provided.
We currently have 25+ clients that are either Municipalities or other Governmental Agencies that we service in a similar capacity. Some are serviced thru our clinics while others we perform customized services on site thru our mobile team and have the capacity of operationalizing a clinic on site. We perform a variety of clinical/wellness services for entities of varying sizes all with the intent of engaging a healthy workforce with a variety of initiatives.

4. Medical Services: Provide experience and qualifications of personnel to be assigned to the City. Include name and position title, total years' experience with current Company and other education, certifications, summary of pertinent experience and qualifications and other information regarding Medical Services experience that would assist the City in determining the qualifications of the individuals and their ability to complete the services needed.

Please refer to samples of a variety of CV's of our staff that may be servicing your employees in one capacity or another.

HENRY FORD HEALTH

Introduction

Henry Ford Hospital first opened its doors to patients in October 1915 and since then has grown to become Henry Ford Health, one of the nation's premier leading health care providers. Henry Ford Health offers a seamless array of acute, primary, tertiary, quaternary and preventive care backed by world-renowned excellence in research and education.

Henry Ford Health, a Michigan non-profit health care enterprise governed by community leaders, records \$2 billion in revenues annually while providing \$82 million in uncompensated care. A 46-member board governs the system. Advisory and affiliate boards comprised of 240 trustees provide vital links to the communities served by the system. Henry Ford Health's corporate offices are located in Detroit, Michigan, and managed by President and Chief Executive Officer Robert Riney through the Office of the President, which includes key leaders in medical affairs, finance, planning, hospital affairs and managed care.

At present more than 1,000 physicians in more than 40 specialties staff the Henry Ford Hospital and 28 Henry Ford Medical Centers. These sites and 6 other hospitals, several special programs and centers, and Michigan's largest mixed model managed care plan – HAP – allow Henry Ford Health to handle 2.5 million patient visits annually. With 17, 550 employees, Henry Ford Health is the 6th largest employer in the state and provides care for least 800,000 residents of southeastern Michigan. These employees and physicians take seriously Henry Ford Health's mission to provide exceptional quality and cost effective care, strengthened by education and research, carrying on the traditions of the founder and original staff of the Henry Ford Hospital.

Henry Ford's Department of Occupational Health was established in 1989 to provide efficient and effective prevention, treatment and rehabilitation services to corporate clients. The Department manages and staffs medical and on-site locations for major employers, across all industries; establishes and operates company-wide occupational medical departments including creating provider networks; and consults with major corporations in the areas of integrate disability management and injury prevention. The Department integrates its services with the specific needs at a particular location and customizes programmatic details as appropriate. We have a proven track record of providing diagnostic interventions, clinical treatment and educational consultative services to employees of major national corporations. Our department includes occupational medicine physicians, nurse practitioners, nurses, and other allied health professionals, all specialists in the field of occupational health.

Our programs are always customized to meet the specific needs of each individual company. Service elements include:

- First aid and emergency care
- Assessment and medical care for occupational illness and injury.
- Care coordination for case management of workers' compensation illness or injury.
- Triage services for non-occupational medical conditions to patients' family physician.
- Management and staffing of medical departments/units.
- On-site Mobile Medical Services availability using *Mobile Health One*
- Drug and Alcohol Program Design and Management
- Compliance consulting on OSHA, ADA and other federal mandates.
- Ergonomic and Occupational Environmental Assessments
- Illness and accident prevention training programs.
- Health education and screening.

Henry Ford Health is fully committed to the health of the employees of our communities and has a long, rich history of providing services in comprehensive and measurable ways. As such, our Department of Occupational Health will adhere to all elements contained within this RFP and in accordance with the outlined requirements. In addition though, we would intend to exceed those expectations and partner with the City of Troy to extend our reach beyond work related medical surveillance and to promote an atmosphere of health awareness, accountability and responsibility.

Client satisfaction is a key element in our quality evaluation and improvement system. We work closely with our corporate clients to identify improvement opportunities and monitor productivity and clinical outcomes. We also provide customized reports on a scheduled basis to demonstrate program value and performance.

Henry Ford Health's Department of Occupational Health will offer unequalled access to cost effective, high quality care to your workers and will work to tailor a clinical design based on your corporate structure, resources and goals.

Thank you for the opportunity to present our services.

HENRY FORD HEALTH

5. **Firefighter Services:** Provide experience and qualifications of personnel to be assigned to the City. Include name and position title, total years' experience with current Company and other education, certifications, summary of pertinent experience and qualifications and other information regarding Firefighter experience that would assist the City in determining the qualifications of the individuals and their ability to complete the services needed.

All of our staff is very experienced in working with Firefighters at various levels. We remain current in the latest versions of the NFP standard and assist our Fire Department partners with necessary medical surveillance/wellness opportunities as it relates to grant submission. Our Medical Providers stand ready to assist in consulting should a Fire Department have any unique situations needing medical guidance.

6. **DOT Drug/Alcohol Screening:** Describe the Company's experience and qualifications with DOT drug and alcohol specimen collection, recordkeeping, and Medical Review Officer tasks. Provide the list of personnel to be assigned to the City in relation to this program. Include name and position title, total years' experience with current Company and other education, certifications, summary of pertinent experience and qualifications and other information regarding DOT drug and alcohol experience that would assist the City in determining the qualifications of the individuals and their ability to complete the services needed.

Our clinical team is drug and alcohol certified to perform DOT Drug and Alcohol Testing. We have several MRO Physicians within our Department as well as a few DOT program assistants. All of our providers at our Clinics are DOT Certified and many of our Mobile Providers are as well.

7. The City is asking for a four-business day turnaround for pre-placement physical results, under regular circumstances. Please indicate the Company's average turnaround time for such results. 4 days is a reasonable turn around time for results, pending there is no outstanding circumstance with lab tests coming back for the testing Lab or a delay due to a non negative drug screen. If this is the case, we would notify the City of the delay.

8. Provide the Company's experience with special events such as annual Audiograms, PFTs, flu shots, etc. Include if on site at the customer's location, billing process, and other pertinent information. Our Department is an all inclusive Occupational Department servicing a variety of customers and perform such clinical services as those listed above on a routine basis. In addition, we provide wellness initiatives and coaching based on the needs of a company. As mentioned previously we have over 350 clients with varying needs so every client's profile is customized. We provide our customers with an invoice on a monthly basis for services rendered.

9. The City is required to have 24/7 Workers Compensation treatment and drug and alcohol screening. Is the Company able to accommodate this request by themselves or with a partnership? Please describe below.

Currently, our Clinics are open M-F 8am to 4:30pm M-F and we have partnered with Go Health Urgent Care to provide injury management after our clinic hours and weekends/holidays. Should a drug/alcohol test be needed after hours we could either perform the testing the next business day, post accident or explore a partnership with an external drug/alcohol provider for after hours testing.

10. Describe the recordkeeping process and electronic administrative system for the requested services. Henry Ford Occupational Health uses an electronic medical record system called EPIC. Employers may receive results in several ways for services rendered. We may create a portal for you to retrieve your results or we can email/fax to specified employer representatives identified.

Medical Services – Vendor Questionnaire (Continued)
Page 12 of 13

11. Provide your understanding of the service and special qualifications and experience that you bring to the City if selected.

We would be providing a comprehensive variety of Occupational Services ranging from Pre-employment Physicals, Annual Exams/Testing, Vaccinations, Injury Management and drug and alcohol testing. We would be open to discuss the annual testing needs for the Fire Dept. and discuss the possibility of on site services for them.

12. Describe methods of communication with your clients.

We communicate in a variety of fashions both direct and indirect. We can meet in person, via phone, facilitate virtual calls, emails etc. At a minimum we send out email blasts to all our clients with updated helpful information. If there are certain Hot Topics we are noticing and feel beneficial in communicating with our customers we will send out the email blasts more frequently. After every work related injury initial or follow up visit our provider will call the DER for the City to communicate the findings and discuss the treatment plan.

13. What are your billing procedures?

We will invoice the City monthly using a method you prefer, email or direct mail.

14. List any EXCEPTIONS/ALTERNATES to the specifications contained in this Request for Proposal.

Addendum 1
RFP-COT 22-33
Occupational Medical Services
Page 1 of 1

To All Bidders:

Please be advised that the City of Troy Purchasing Department has authorized the following ANSWERS TO QUESTIONS regarding Bid Proposal **RFP-COT 22-33, Occupational Medical Services**. The CHANGES will be considered an integral part of the original proposal documents.

QUESTION:

Is there a geographic radius as to where the clinic can be located from Troy?

ANSWER:

A specific mile radius has not been set but due to injury care we wouldn't want a facility over 10 miles.

QUESTION:

Would the City entertain other delivery models?

ANSWER:

The City may entertain other or additional services if it meets the needs of the City. However, please submit proposals to meet all the requirements, scope and pricing as defined in the RFP. Information regarding optional delivery models or services may be included with your agency's proposal and may include pricing, logistics, requirements, etc. for these additional services.

I, the undersigned Bidder, have read this addendum and have integrated the changes into the Bid Proposal documents for RFP-COT 22-33, **Occupational Medical Services**. All other items in the original proposal document remain the same. This addendum should be included in the proposal packet at the time of submission on or before **Thursday, October 6, 2022** at 10:00 A.M., EDT on the MITN website.

Subject: Standard Purchasing Resolution 8: Best Value Award – Occupational Medical Services

History

- The City of Troy utilizes Occupational Medical Services for pre-employment evaluations, drug screens, return to work authorizations, collection of Department of Transportation (DOT) mandated random drug and alcohol screens, other tests/evaluation and treatment of work-related injuries.
- Services also include similar evaluations prior to services as a volunteer firefighter and treatment of injuries related to the volunteer service.
- Quality Occupational Medical Services are necessary for the prevention, treatment and rehabilitation of occupational illnesses and injuries.
- Pre-employment evaluations help us assess if prospective employees are able to perform the essential functions of a job.
- Services provided has historically been conducted at the available clinic facilities.
- *Ascension Michigan at Work of Madison Heights, MI* has provided our primary Occupational Medical Services since January 2021.
