In lieu of required endorsements, if applicable, a copy of the policy sections where coverage is provided for additional insured and cancellation notice would be acceptable. Copies or certified copies of all policies mentioned above all shall be furnished, if so requested.

If any of the applicable coverages expire during the term of this contract, the Contractor shall deliver renewal certificates and endorsements to the City of Troy at least ten (10) days prior to the expiration date.

LETTER VERIFICATION:

The recommended bidder will be notified to submit a letter from the *insurance agent or carrier* that the insurance to be supplied will meet specifications. FINAL INSURANCE CERTIFICATE SUBMISSION:

After approval by Troy City Council, the City's Purchasing Manager will review the insurance certificates and endorsements to ensure all acceptable documents have been received and allow (5) business additional days after verbal / electronic notification to submit final insurance certificate(s) in accordance with specifications. The City of Troy reserves the right to WITHHOLD AND KEEP any bid surety for failure to comply. The company will be considered in default of contract and will be barred from doing business with the City of Troy for a minimum of three (3) years for failing to meet insurance requirements.

PRICES: Prices shall remain firm for 60 days or bid award, whichever comes first, except the successful bidder(s) whose prices shall remain firm for one (1) year from date of award. The one-year contract may be extended through mutual consent of both parties for up to three (3) 1-year renewal options under the same terms and conditions. A request by City Staff to determine a successful bidder's interest in renewing a contract in no way obligates the City. The option cannot be exercised without Troy City Council approval and a purchase order issued.

The successful bidder(s) may request an increase in the original proposed rates at the beginning of each option year not to exceed the current State of Michigan Dept of Treasury Inflation Rate Multiplier (IRM). The successful bidder(s) must designate what portion of the contract (labor or materials) is causing the request for increase. The City of Troy may terminate this contract with written notice at least thirty (30) days in advance.

Note: The City may determine the price list is incomplete during the contract period. The City reserves the right to request additional prices for items not currently on file and the price submitted will be firm for one year from the date received.

Subject: Standard Purchasing Resolution 2: Award to Low Bidder Meeting Specifications – Fire Extinguisher Maintenance and Service

History

- The Facilities Division is responsible for the installation and inspection of all life safety equipment within the various facilities.
- Annually, all fire extinguishers go through a third-party inspection and testing as required by law.
- In the past this service was completed by acquiring three quotes as the annual expenses did not exceed the \$10,000 threshold.
- To allow for the ease of purchasing and servicing the fire extinguishers as needed, improved delivery, and to secure the best pricing, a request for bid was solicited.

Purchasing

On November 9, 2023, a bid opening was conducted as required by the City Charter and Code for a one (1) year contract with the option to renew for three (3) 1-year periods for Fire Extinguisher Maintenance and Service. The bid was posted on the MITN Purchasing Group website; www.bidnetdirect.com//city-of-troy-mi. One hundred forty-seven vendors were notified via the MITN website. Three bid responses were received. Below is a detailed summary of potential vendors for the bid opportunity:

Companies notified via MITN	147
Troy Companies notified via MITN	8
Troy Companies notified Active email Notification	8
Troy Companies - Active Free	0
Companies that viewed the bid	11
Troy Companies that viewed the bid	2

MITN provides a resourceful online platform to streamline the procurement process, reduce costs, and make it easier and more transparent for vendors to do business with the City of Troy. **Active MITN** members with a current membership and paying annual dues receive automatic electronic notification which allows instant access to Bids, RFPS and Quote opportunities with the City. **Active MITN non-paying members** are responsible to monitor and check the MITN website for opportunities to do business with the City. **Inactive MITN member** status can occur when a company does not renew their account upon expiration. Inactive members cannot be notified of solicitations or access any bid information.

After review of the bid responses, *Gallagher Fire Equipment of Livonia, MI* is the low bidder meeting specifications. Testing and maintenance will be performed annually and purchases of new and replacement fire extinguishers will be on an as needed basis.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – CONTRACTOR'S BLANKET

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

A. WHO IS AN INSURED (Section II) is amended to include as an additional insured any person or organization whom you are required to add as an additional insured on this policy under a written contract or written agreement.

The written contract or written agreement must be:

1. Currently in effect or becoming effective during the term of this policy; and
2. Signed by all parties to the written contract or written agreement prior to the "bodily injury," "property damage," "personal injury and advertising injury."

B. The insurance provided to the additional insured is limited as follows:

1. That person or organization is only an additional insured with respect to liability for "bodily injury," "property damage" or "personal and advertising injury" caused in whole or in part, by:
 - a. Your premises; or
 - b. Your negligent acts or omissions in connection with "Your work" for that additional insured.

However:

- a. The insurance afforded to such additional insured only applies to the extent permitted by law; and
 - b. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the written contract or written agreement to provide such additional insured.
2. The Limits of Insurance applicable to the additional insured are those specified in the written contract or written agreement or in the Declarations for this policy, whichever is less. These Limits of Insurance are inclusive and not in addition to the Limits of Insurance shown in the Declarations.
 3. Except when required by written contract or written agreement, the coverage provided to the additional insured by this endorsement does not apply to:

a. "Bodily injury" or "property damage" occurring after:

- (1) All work on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured at the site of the covered operations has been completed; or
- (2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as part of the same project.

b. "Bodily injury" or "property damage" arising out of acts or omissions of the additional insured other than in connection with the general supervision of "your work."

4. The insurance provided to the additional insured does not apply to "bodily injury," "property damage," "personal injury and advertising injury" arising out of an architect's, engineer's, or surveyor's rendering of or failure to render any professional services including:

- a. The preparing, approving, or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; and
- b. Supervisory, or inspection activities performed as part of any related architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of, or the failure to render, any professional architectural, engineering or surveying services.

C. As respects the coverage provided under this endorsement, Paragraph 4.b. **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** is amended with the addition of the following:

4. Other insurance

b. Excess insurance

This insurance is excess over:

Any other valid and collectible insurance procured by or on behalf of the additional insured whether primary, excess, contingent or on any other basis unless a written contract specifically requires that this insurance be either primary or primary and noncontributing. Where required by written contract, we will consider any other insurance procured by the additional insured for injury or damage covered by this endorsement to be excess and noncontributing with this insurance.

If no written contract specifically requires primary or noncontributory coverage, then this insurance is excess and as a condition of coverage, the additional insured shall be obligated to tender the defense and indemnity of every claim or suit to all other insurers that may provide coverage to the additional insured, whether on a contingent, excess or primary basis.

When this insurance is excess, we will have no duty under Coverage **A.** and Coverage **B.** to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.
