If the City or its agent is required to enter onto the premises to cut turf grass and/or weeds, or to take action to prevent the perpetuation of weeds, the property owner designated on the City assessment or tax rolls shall be assessed the cost, payable to the City, for each required abatement. The City or its agent may enter onto said premises as many times as necessary between May 1st and November 1<sup>st</sup> to cut turf grass and/or weeds or treat weeds and charge the cost to the property owner for each cutting or treatment. The City is authorized to recover the cost of wages, overtime wages, fringe benefits, cost of equipment, supplies, materials and a ten (10) percent administration charge to cover the expense of administering the abatement work that is performed.

The costs incurred by the City for the nuisance abatement shall be pro-rated among each individual property owner in the condominium development, subdivision or other individual owner in a development with common property. The City Treasurer shall send a statement to each owner for their specific pro-rated portion. If the invoice is not timely paid, the total amount charged shall become an assessment against that particular property for that pro-rated share.

The City Treasurer shall forward an invoice to the owner on the last local assessment or tax roll of the total charges assessed against each premises. Thirty (30) days from the date each statement was mailed, payment shall be made.
